# Spring 2024 Updates

Dear Mobile Lab Coalition (MLC) Community,

We hope this letter finds you well and filled with a sense of springtime enthusiasm. Here at the MLC, we are “blooming” with excitement due to initiatives to support educators, students and the entire mobile lab community.

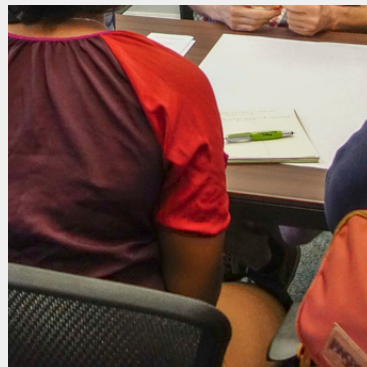

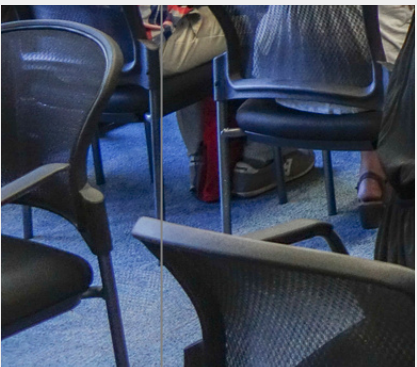

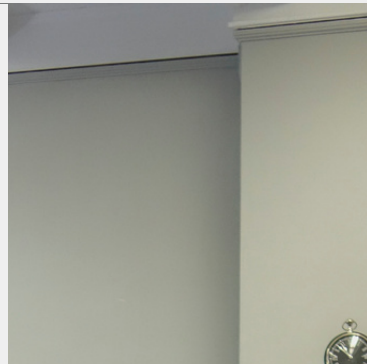

**Great Things Happening at MLC:** We are very excited to launch the [Instructor Exchange Program](#) in 2024. This members-only program is designed to empower mobile lab instructors with a hands-on, one-of-a-kind real-life experience. [Read here](#) to learn more about the selected participants for 2024!

# 2024 Annual Conference

**Save the Date: 2024 Annual Conference:** Mark your calendars! Our annual conference is set to take place from July 15-18 in the beautiful city of Charleston, SC. Along with ample opportunities to network, our programmatic focus will be on "Access and Innovation." It promises to be an enriching experience for all attendees, and we hope to see you there!

At the core of MLC's mission is the drive to improve student access to quality hands-on science and technology education. We can't do that without our mobile lab community. We encourage and appreciate your feedback, active participation, and sharing of your experiences within our community.

If you are not already a member, we encourage you to consider joining our unique Coalition. Stay tuned for more conference updates, announcements, and other opportunities to engage with the MLC. We are dedicated to fostering knowledge-sharing and providing opportunities for professional and mobile lab community growth.

Thank you for being a part of our team.

Warm regards,  
The MLC Board of Directors

# Thank You

The MLC provides education, fosters collaboration and serves as a central resource of knowledge, curricula, and best practices for the mobile lab community. Please visit our [website](https://www.mobilelabcoalition.org) for additional information.
